Power Strike In Pittsburgh Is Suspended

City Slowly Returning To Normalcy Today After Near Disaster Strike

TIEUP CALLED OFF LATE LAST NIGHT

By JAMES L. KILGALLIN
(U. S. Staff Correspondent)

PITTSBURGH, Feb. 13.—After a one-day industrial nightmare, Pittsburgh slowly returned to normalcy today with the ending of the 20-hour power strike.

The 2,000 people of the Pittsburgh metropolitan area affected by the brief but paralyzing walkout breathed a collective sigh of relief over the sudden termination of the walkout.

Strike Suspended

Union leader George L. Mueller, in a radio broadcast late last night, announced suspension of the strike against the Duquesne Light Company "pending further negotiations."

His independent union, which is not affiliated either with the CIO or AFL, is demanding a 20 per cent wage increase. The company offered to grant a 7 1/2 per cent boost.

A three-man negotiating committee—Mayor David L. Lawrence, State Secretary of Labor William B. Chesnut and Federal Conciliator Charles Kutz—will resume wage conferences with Duquesne Light officials at 10:30 a. m. Monday.

Chesnut emphasized the group would be a negotiating committee and not a mediation board, adding: "This must be worked out on a fair and satisfactory basis."

Suffer Near-Disaster

Pittsburgh and environs had been all but knocked out by the strike. The city, within a few hours after the walkout was called yesterday morning, had suffered near-disaster and was facing a dilemma that had its city officials greatly worried.

Today, however, the skies bright-

PA NEW OBSERVES

Ornamental stone posts or pillars that surrounded the public square, seem to be taking it on the chin this winter. Survey yesterday afternoon revealed that no less than six of the large posts have been smashed during the past few weeks, and are lying around in various states of debris. Considerable work will be required to replace the posts, and it should be done as soon as feasible. These dilapidated pillars are anything but an impressive sight on the public square.

An old-time scene was noted on Tuesday evening on South Mercer street, when a motorist whose car had developed a flat tire, drove several blocks through the street on the flat. Apparently replacement of tires situation must be loosening up somewhat, in the light of this performance.

Police in cruiser cars are patrolling some of the leading thoroughfares of the city on the lookout for speeders, Pa. News notes.

Valentine day rush is on at the post office today. The annual custom of mailing valentines seems to have made a comeback with the end of the war. Thursday is officially known as Valentine day.

According to a new item noted today, underground parking garages are being developed quite extensively in some of the larger cities of the nation. San Francisco, Detroit, and St. Louis are named as several cities that are leading the way in this move.

Daily Weather Report

United States weather statistics for the 24-hour period ending at nine a. m. today follow:
Maximum temperature, 45.
Minimum temperature, 37.
Precipitation, .03 inches; snow and rain.
River stage, 5.4 feet.

Statistics for the same date a year ago follow:
Maximum temperature, 46.
Minimum temperature, 30.
Precipitation, .01 inches.

Assails Decisions Of Two Supreme Court Justices

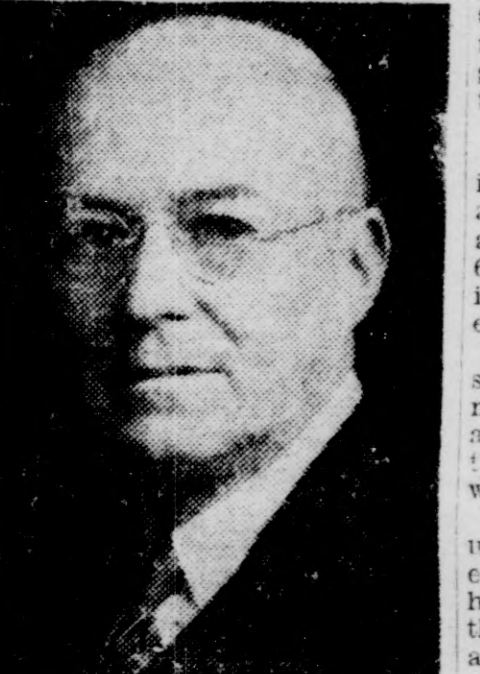

TOKYO, Feb. 13.—(INS)—Joseph Keenan, American attorney and chief prosecutor for the international war crimes tribunal, today sharply criticized dissenting opinions voiced by two United States Supreme Court justices in the Homma case.

Keenan declared the opinions of Justices Murphy and Rutledge were "offensive to say the least."

CONGREGATION TO RAISE \$50,000 FUND

BISHOP JAMES H. STRAUGHN

Bishop James H. Straughn of Pittsburgh will be the principal speaker at the dinner of the Epworth Methodist church on the east side tonight. The occasion is the official opening of a campaign to raise \$50,000 to amortize the debt upon the church.

N. E. Clark, the chairman of the campaign, has announced that the Epworth Guild, an organization of the women of the church, has already signified its intention of raising \$5,000 of this amount.

Month Campaign

The campaign will continue throughout the month and all payments will be made within a 40-month period.

The goal of the campaign is to have a church free of debt at the

Lift Restrictions On New York City Business Places

Business And Commercial Life Restored To Somewhere Near Normal Today

FUEL REACHES CITY; TUG STRIKE NOT OFF

NEW YORK, Feb. 13.—(INS)—Business and commercial life returned to normal today in New York City, but the fuel situation remained acute and the harbor tugboat strike—cause of the crisis appeared still as far from settlement as ever.

The paralyzing state of emergency proclaimed by Mayor William O'Dwyer was lifted at 6 p. m. yesterday after two and a half million gallons of fuel oil were moved into the city.

Schools Closed

However, schools remained closed indefinitely, coal and oil priorities and the "brownout" were continued and interior heating was limited to 60 degrees virtually everywhere but in hospitals. Transit service returned to normal.

Meanwhile attempts to halt the strike of 3,500 tugboat and barge men continued, with the strikers and owners still at odds, chiefly over the question of arbitration of their wage dispute.

The dramatic revocation of the unprecedented business shutdown ended 18 hours of confusion and huge financial loss, despite the fact that it was effective only one day and a semi-holiday at that.

Heaviest Losers

Heaviest losers probably were the city's big department stores, for their business on Lincoln's birthday normally is heavy as employees of many other businesses closed or curtailed because of the semi-holiday shopping.

Gen. Marshall's Work In China To Be Prolonged

SHANGHAI, Feb. 13.—(INS)—Generalissimo Chiang Kai-shek said in a significant statement today that General George C. Marshall's work in China "might take a long time."

The Chinese leader commented on the duration of the stay of President Truman's envoy in China at a news conference in Shanghai.

Chiang made it apparent that many international and domestic difficulties still confront China. The generalissimo confirmed reports that "informal and continuous discussion on economic questions is going on between China and Russia."

He denied, however, that any form of secret negotiations are being conducted by the two nations.

YALTA PACT REVEALS RUSSIAN PRICE FOR JAP WAR

Russian possession of the Kurile islands was part of the price the Soviet Union demanded for entering the war against Japan, it was revealed when the "top secret" Yalta agreement was made public. Signed by Stalin, Churchill and Roosevelt, the document said that the Soviet Union would enter the war against Japan on the following conditions, shown on map: (1) People's republic to be recognized in Outer Mongolia; (2) southern part of Sakhalin as well as all the islands adjacent to it to be returned to Russia; (3) commercial port of Dairen to be internationalized, and lease of Port Arthur as a naval base of the USSR to be restored; (4) the Chinese Eastern railroad and the South-Manchurian railroad to be jointly operated by the establishment of a joint Soviet-Chinese company, with China retaining full sovereignty in Manchuria; (5) Russia to assume full possession of the Kurile islands which stretch northeastward from Japan toward the Aleutians.

Launch Survey To Find Housing Need In New Castle Now

In an effort to solve, at least in part, the housing shortage here, and to aid returned service men and women find living quarters, J. C. Wachtmann, executive vice president of the Greater New Castle Association, today announced a city wide survey of the housing need. Through this survey it is hoped to get an accurate picture of the need here and having the need, take steps to remedy the need.

The GNCA has cooperated with the local realty organization in making a study of Deshon annex and its potentialities as a housing project for veterans. The buildings of Deshon annex are now owned by the city. A plan is in the making, if the need can be fully established, to make these buildings available as dwelling units for some 50 veterans and their families on a modest rental basis. Money for the alterations is said to be available through Federal grants.

Need Is Here

"We realize the utter weariness of the servicemen and service women, with questionnaires," Wachtmann said: "None knows more intimately

Argentina Is Charged With Axis Support

United States Awaits Latin-American Reaction To Accusations Made

WASHINGTON, Feb. 13.—(INS)—The United States awaited Latin-American reaction today to its indictment of the Argentine government on charges of plotting against the United Nations in support of the Axis.

Some observers believed that the other American republics might want to call a conference to read Argentina out of the Pan-American Union and urge its exclusion from the United Nations.

The reaction was expected to come fast and strong. The indictment, based on captured German documents, was in the hands of every Latin-American foreign office today.

Charges Made

The document charged that:

1. The Argentine government skillfully plotted to get arms and ammunition from Germany with which it could go to war, if need be, with the United Nations to maintain its alliance with the Axis.

2. Argentina encouraged and aided espionage activities in favor of Germany and Italy and against the Allies.

3. The Buenos Aires regime plotted to maintain German interests intact and to use funds from German companies to pay Axis agents.

4. It refused even as recently as a month ago to surrender known Nazi agents.

5. Argentina continues now to maintain a duplicate of Germany's economic structure as a base for the reconstitution of German aggressive power to launch another war.

The publication of the bluebook came just 12 days before Col. Juan Peron, Argentina's totalitarian leader, goes to the polls in a desperate fight to be elected president. Peron, regarded by the United States as the king-pin of the totalitarian movement, has been reported from Latin-America, ready to take desperate measures to insure his election to office.

Gen. MacArthur Makes Protest

Division Of Korea Into American And Soviet Zones Is Not Approved

WASHINGTON, Feb. 13.—(INS)—Gen. Douglas MacArthur protested to the War department today against the division of Korea into American and Soviet zones.

MacArthur said in the second report on his stewardship in Japan that "many Koreans resent trusteeship," and declared:

"The artificial division of Korea into American and Soviet zones continues as a barrier against the free exchange of goods, persons and information."

Covering the month of November, the report continued:

"Reactions toward the occupation vary considerably. Many Koreans resent trusteeship."

Transit Strike In Philadelphia Ended Last Night

Transportation System In City Back To Normal Operation This Morning

WORKERS GET 12 CENTS HOUR RAISE

PHILADELPHIA, Feb. 13.—(INS)—The wheels of Philadelphia's far-flung transportation system turned once again today after 10,000 CIO transit workers accepted a 12 cents per hour wage increase.

Relieved citizens of the nation's third largest city awoke this morning to find their two-day nightmare dissipated by the welcome sounds of tooting buses, clanging trolleys and roaring subway-elevated trains.

Settled Last Night

Settlement of the strike came dramatically last night after a five-hour labor-management conference called by Mayor Bernard Samuel in city hall.

Shortly thereafter both the board of the Philadelphia Transportation Company and union members ratified the agreement which called for the wage boost, a union shop, a per-

Jap Starvation Reports Denied

WASHINGTON, Feb. 13.—(INS)—Gen. MacArthur reported to the War Department today that evidence fails to back up "rumors of widespread starvation" in Japan.

MacArthur made the statement in his second report on military government in Japan. The voluminous document covered political, economic and social aspects of Japan and Korea during November.

MacArthur's assertion that "there was no evidence to confirm rumors of widespread starvation or of mass undernourishment" was cheering in view of President Truman's expressed fear of hunger abroad.

More Street Cars Are In Operation At Lancaster, Pa.

LANCASTER, Pa., Feb. 13.—(INS)—Fifty-five non-union workers, escorted by a squad of police, quietly crossed the picket lines at Consonga Transportation company today to place 19 buses in operation at Lancaster.

For the seventh consecutive day of the eight-day-old walkout, non-union workers crossed the picket lines to operate vehicles. No violence was reported today. Company officials anticipated additional vehicles would be put in service today.

Meanwhile, U. S. Conciliator John Murray planned to confer with officials of the company in an attempt to end the contract dispute.

Tornado Strikes Oklahoma Area

ARDMORE, Okla., Feb. 13.—(INS)—A tornado swept today through the business district and part of the residential section of Ardmore. First reports said that about 25 persons were injured.

The highway patrol said there was no known loss of life. Fifteen or 20 buildings on Ardmore's main street were reported damaged.

The storm, which struck at 3 a. m., blew down telephone and telegraph wires. Parts of the city were left without electricity.

Picketing Appeal Denied By Court

PHILADELPHIA, Feb. 13.—(INS)—The state supreme court today quashed an appeal by the CIO United Steelworkers against a preliminary injunction by a Pittsburgh common pleas court halting mass picketing at the Carnegie-Illinois Steel Corporation in Homestead.

The court set Thursday for a hearing in the Pittsburgh common pleas court.

BRANDS HIROHITO WAR CRIMINAL

TOKYO, Feb. 13.—(INS)—Emperor Hirohito was branded a war criminal today in a Communist-authored statement printed by the influential Tokyo newspaper Asahi. The statement was written by Communist Leader Sanzo Nozaka, demanded that Hirohito abdicate and urged abolition of the imperial system. Nozaka recently returned from political exile in Yenan, China.

Wage Controls Reinstatement Plans Opposed

Organized Labor Lined Up In Vigorous Opposition To Return Of Controls

NO DECISION BY TRUMAN AS YET

By PHILLIP J. PECK
(U. S. Staff Correspondent)

WASHINGTON, Feb. 13.—Organized labor lined up in vigorous opposition today to a proposal for reinstatement of wage controls as part of the administration's new stabilization policy aimed at solving current industrial strife.

Under the proposal, on which no decision has yet been made by President Truman, all wage adjustments since once more would come under government security as they did during the tenure of the old war labor board.

May Delay Announcement

The question of restoring wage regulation may delay announcement of the new wage-price policy and the accompanying steel price increase designed to end the walkout of 750,000 steel workers.

High government officials refused to predict when the "break" would come except to say that it is on the way.

Shortly after V-J Day, the President abolished the wartime "little steel" formula limiting wage rate increases to 15 per cent above January, 1941, and authorized pay boosts of any amount without government approval if they were not made the basis for seeking price relief.

Will Breach Line

The administration has now decided to breach the "hold-the-line" policy and permit price increases to compensate industry for the current round of reconversion wage boosts in order to settle the existing wave of production-crippling strikes.

However, OPA and other stabilization officials have recommended the reestablishment of wage controls to prevent a new set of wage demands a few months from now and a further assault on the stabilization program.

Top union leaders are staunchly opposed to the reinstatement of wage controls. CIO President Philip Murray, who shares this opposition, has stated publicly that his steel workers are willing to sign a one-year contract in order to help stabilize the economy and get production rolling.

Two Basketball Players Injured In Auto Accident

Basketball Team En Route To Game When Auto Crashes Into Pole

CARLISLE, Pa., Feb. 13.—(INS)—Two members of the Marysville High school basketball team were in the Carlisle hospital today with injuries suffered when the automobile in which they were riding crashed into a pole near Shermansdale.

Three other members of the team suffered minor injuries. In the hospital were Charles Gallagher, 15, who suffered a possible skull fracture, and Gilson Davis, 17, a possible fracture of the left shoulder.

The players were en route to New Bloomfield to play the Carson Long Military institute team when the accident occurred. As a result of the accident, the game was postponed.

White House Announces Resignation Is Received And Accepted By President

REASON FOR STEP NOT ANNOUNCED (BULLETIN)

WASHINGTON, Feb. 13.—(INS)—Secretary of the Interior Harold L. Ickes resigned today as result of differences with President Truman arising from the nomination of Edwin W. Pauley as undersecretary of the Navy.

Ickes made public a letter in which he asserted that Mr. Truman declined to see him after the White House news conference February 5 in which the President said Ickes could be "mistaken" in his testimony concerning Pauley.

WASHINGTON, Feb. 13.

(INS)—Harold L. Ickes resigned today as secretary

of the interior and President Truman accepted the resignation, to be effective Friday.

The White House declined to make public Ickes' letter of resignation but the cabinet member was expected to disclose his reasons at a news conference scheduled for 11:30 a. m. (EST).

It had been expected that Ickes would remain as a result of Mr. Truman's stand in relation to the cabinet member's testimony at the Senate Naval Affairs committee's hearing on the nomination of Edwin W. Pauley to be undersecretary of the navy.

Ickes Testifies

Ickes testified that Pauley in 1943 offered to raise \$300,000 for Democratic campaign funds if the government would drop plans for a suit to assert federal title to tidewater oil lands.

Pauley, an oil man, at that time was treasurer of the Democratic National committee. Ickes branded the offer as "the rawest proposition ever made me."

Pauley emphatically denied he had made such an offer and declared

U. S. TO DISCUSS PROJECT OF AIR BASES IN CANADA

Northern Air Route To England Is Basis Of Discussion With Canada

WASHINGTON, Feb. 13.—(INS)—The United States planned today to begin early discussions with Canada and Newfoundland for the opening of air bases over the northern route to Europe.

Satisfactory agreements for the use of Gander, Harmon, Argentina and Goose Bay were made contingent to the use of other strategic air bases in the Atlantic at the Anglo-American civil aviation conference at Bermuda.

Documents signed at Bermuda provided the United States the use for civil aviation of several bases in the Atlantic which has been given for military purposes in the 1940 destroyer-bases deal.

As a result of the conference the United States and Britain, subject to United States military control, are to have use of the fields at Bermuda, Antigua, Santa Lucia and British Guiana.

But the agreement stated that this is "contingent upon the making of satisfactory agreements with the government of Newfoundland and Canada regarding the use by civil aircraft of airfields in Newfoundland and Labrador."

The agreement provided that U. S.-built air fields in Trinidad and Jamaica will be available as "bad weather alternates" in necessity.

The prolonged Bermuda negotiations were described by officials as providing "a firm foundation on which future and closer aeronautical collaboration between the two nations can be built."

WILL RESTORE SLEEPING CAR SERVICE FRIDAY

CHICAGO, Feb. 13.—(INS)—Overnight sleeper "jumps" of from 351 to 450 miles will be restored on the country's railroads beginning Friday.

The service was discontinued last summer when sleeping cars were withdrawn from the short runs and placed at disposal of the armed forces for troop transportation. George A. Kelly, vice president of the Pullman company, said 334 Pullman cars will be made available at this time for resumption of the overnight service, with another 372 cars available on March 1 for runs of 251 to 350 miles.

On March 15 the railroads will put 186 more sleeping cars back in civilian service. Kelly warned, however, that reservations may still be difficult to get for some time because a large number of Pullman cars remain in troop service.

time of the 75th anniversary of the founding of the church, in June 1949.

Rev. George R. D. Braun, the pastor, has announced that the members of the congregation have been individually invited to the dinner by the leaders of the units of the Epworth Guild. The interest of the entire congregation is running high in this supreme effort to finish a task in which it has been engaged for the past 15 years.

Publicity Project

One of the unique projects in publicity that has marked the campaign has been a poster contest for the members of the Sunday school who were under 17 years of age. Posters indicating the united effort of the congregation to erase, bury or pay the debt and to carry the campaign to its goal or the part that each could do whether small or great, were submitted by the teen-agers. These posters will be judged by a committee consisting of Richard Rantz, Jack Black and Helen Clarke and prizes awarded at the dinner.

Will Show Result

The progress of the campaign will be visualized by the huge poster showing the church covered by a shadow of debt. This shadow will be removed in flocks representing \$200 gifts. A number of classes in the church school have signified that they would assist in removing these blocks by subscribing amounts varying from \$100 to \$1000. The larger percentage of the amount needed will be secured through individual subscriptions or through gifts.

Hear From Former Pastors

Dr. Harold A. McCurdy, district superintendent of the Grove City district, and a former pastor of the church, will be present at the dinner. Commendation from Rev. Sam Maxwell of Denver, Colo., who was pastor when the church was erected, and from Dr. John A. Galbraith of Jamestown, N. Y., and Rev. William A. Thornton of Erie has been received and will be read at the dinner.

The dinner is a twelve family affair and is in charge of the Epworth Guild, with Mrs. Wayne Stitzinger, president of the guild, making the arrangements. The campaign committee consisting of N. E. Clark, Mrs. J. F. Rantz, N. A. Kelly, George D. Reid and Russell P. Rhodes will be assisted by a number of volunteers in carrying the project to a successful conclusion.

ened. Downtown department stores reopened. Heat went on again in office buildings. Hotels resumed normal service and the street cars went back into operation.

Small stores and many restaurants that had padlocked their doors reopened for business.

Pittsburgh's three daily newspapers prepared to publish as usual. Yesterday they came out in abbreviated form, carrying virtually no advertisements.

Pressure Exerted

The serious aspects of the strike nevertheless was brought forcibly home to the public. It tied the city, and adjacent communities, into a knot.

The suspension of the strike came after "friendly pressure" was brought on Mueller by Mayor David L. Lawrence, Father Owen D. Rice, Pittsburgh OPA anti director and champion of labor; Anthony J. Fedoroff, president of the CIO-Industrial union's council, and Barney Mazon, president of the AFL teamsters' union.

Officials of the Duquesne Light Company said it would take at least twelve hours to resume full operation of its power plants.

that Ickes had "misunderstood" him. The President remained firm in his backing of Pauley despite Ickes' testimony and took occasion to reassert his faith in Pauley's honesty.

The White House said Ickes' resignation was received by Mr. Truman yesterday.

The resignation was announced by Presidential Secretary Charles G. Ross at his morning news conference with a brief, terse statement.

Ross said simply that the President had received a letter of resignation from Ickes as secretary of interior and that the President is accepting the resignation effective February 15.

Ross said the President had received Ickes' letter yesterday morning and that he was replying to Ickes today.

Assistant to Take Over

Pending a permanent nomination for a successor to the cabinet post, Ross said that Oscar L. Chapman, who has been assistant secretary of interior for 13 years, "will carry on as acting secretary."

Ross was asked whether Ickes' letter of resignation had been requested or had "come in of its own accord."

Ross said he would accept the phraseology of the questioner and say that "the letter came in of its own accord."

In view of Ickes' resignation, Ross was asked whether Pauley had requested that the President withdraw his nomination and whether Mr. Truman intended to withdraw it. Ross replied:

"Not to my knowledge."

Joited Pauley's Chances

Ickes' testimony before the Senate Naval Affairs committee is believed to have joited Pauley's chances of becoming undersecretary of the navy.

The cabinet member charged before the Naval Affairs committee considering the appointment that Pauley told him oil men would pay \$300,000 into the party treasury if the government's suit for federal title to submerged coastal oil lands were dropped.

Commenting on this testimony, the President told a subsequent news conference that Pauley was an honest man and that Ickes could be mistaken.

Return To Work

At the union mass meeting International President Michael Quill called upon the operating employees to "return to work immediately."

Shortly after midnight the first of the company's 3,289 carriers went back into operation to serve the city's three million daily users of the facilities.

The 12-cent wage boost accepted by the CIO union last night was identical to the increase agreed to by the AFL office workers one day before the strike of operating employees began Sunday midnight.

The mayor called his conference after seven previous efforts by state and federal labor mediators failed to bring any break in the deadlocked negotiations.

The CIO union had demanded a straight \$2 a day increase in wages, a closed shop and a permanent pension plan.

Franklin Hi-Y Plans Swim Meet

Members of the Ben Franklin Hi-Y club will meet at the YMCA pool tonight to conduct their swimming meet.

Tuesday, members of the George Washington Hi-Y held their meet in the pool, with the chief prize winners being Bud Silverman and Bill Saisher. The winning relay team was made up of Bud Silverman, Arden Bement, James Herbert, George Bement, Dave Hoyland and Sam Zarilla.

Business meeting preceded the contests in the pool.

New Studebaker Models On View

New Skyway Styling And Other Features Are Seen In New Models Now On Display

Many new innovations feature the new Studebaker Champion which is now on display at the Barnes-Snyder Motor company, 122 North Mercer street.

In addition to new skyway styling, the new Studebaker Champion is featuring Studebaker's exclusive climatizer heating and ventilating system, which is built-in beneath the front seat, circulating fresh, filtered air to every part of the car, warmed in the winter, and ventilating and cooling the car in summer.

Fuel and oil economy are also features of the new models which can be seen here now.

LIFT RESTRICTIONS ON NEW YORK CITY BUSINESS PLACES

(Continued from Page One)

dustries was the mammoth garment trade. Leaders estimated their losses yesterday at five million dollars.

First to be affected by rescission of the business ban were the theaters and Broadway night spots. Immediately after the revocation was announced, unprepared managers of "whitey" pleasure places frantically sought to recall the hired help.

Aids Other Communities

Night clubs which earlier had turned away food deliveries, fearing spoilage during the shutdown, were caught short with little chance of immediately replenishing their almost empty larders.

New York's movie industry, with millions at stake, was better prepared. Projectionists and ushers had been under orders to "stand by" and resumption of business got under way promptly.

The big city's one-day shutdown proved a bonanza to many neighboring suburbs when New Yorkers, unable to spend their money within the city limits, flocked to outlying communities for supplies and entertainment.

COLLEGE CLUB

BRIDGE-TEA

One of the outstanding events of the College club year was a delightful bridge-ten given Tuesday evening in the nurses home of Jameson Memorial hospital.

During business, over which Mrs. William J. Caldwell presided, two new members were extended a welcome. Mrs. Robert Dickson and Miss Gladys Brown. The resignation of Mrs. Roger Jewett, who will move soon to Philadelphia, was accepted with regret.

Tables of contract bridge were in play and prizes for high scores went to Miss Lois Kerr, Mrs. Edward Groffend and Miss Gladys Brown.

At the close of bridge play, delicious refreshments were served. Committee in charge was Mrs. Earl Ruby, Mrs. James Hinrich, Mrs. Gust Sanfilippo, Mrs. William Gibson, Mrs. Charles Jaquish, Miss Sarah Patterson, Miss Margaret Reher, Mrs. Floyd Nowling and Mrs. A. L. Hoffmaster.

Next meeting will be Thursday, March 14, at the Castleton when Dr. John Coleman of Geneva college will be the speaker.

WESTMINSTER GUILD OFFICERS ELECTED

Officers elected by the Westminster auxiliary of the First Presbyterian church Tuesday evening include Mrs. Stewart Mardis, president; Mrs. William Blews, vice president; Miss Patricia Trehan, secretary, and Miss Frances Gibson, treasurer.

Preceding the business meeting, conducted by retiring president Mrs. Blews, the group enjoyed a program presented by program chairman Mary Virginia Harris. Devotionals were led by Miss Elizabeth Taylor, with Mrs. Chester Shaffer at the piano. Miss Harris read selections from the book "They Found the Church Here", by Henry P. Van Dausen, telling about the work of missions in the jungles and islands of the Pacific.

Hostesses for the evening were Anna Mae Schiek and Joan Simpson. Installation of officers will occur at the annual dinner March 12.

A. U. R. SOCIETY

ELECTS OFFICERS

A. U. R. Missionary society members of Central Presbyterian church assembled in the church parlors for their yearly election, a program and valentine party Tuesday evening.

Miss Theodora Pollock presided when the following officers were elected for the ensuing year: president, Mrs. Clifford Propst; vice president, Mrs. Julian Miller; secretary, Mrs. Alfred Sadler; and treasurer, Miss Maude Mitchell. Mrs. John Walters was appointed program chairman for the new year.

Devotionals were conducted by Miss Margaret Lowery, Mrs. Henry Bratsche discussed the national topic, "Experiment in Race Relations." Mrs. Julian Miller reviewed the chapter, "Area of Responsibility" from the foreign study book "The Cross Over Africa".

Mrs. Paul Shoaff and Mrs. Henry Bratsche were in charge of a social period and valentine exchange that followed. Using the valentine motif, Mrs. Alfred Sadler, Mrs. R. M. Patterson and Mrs. Elizabeth Robinson, hostesses, served lunch.

The members will gather for their annual dinner and installation of officers in the church Thursday evening, March 21.

TIFEREH SISTERHOOD

PROGRAM ON LINCOLN

Members of Tifereth Israel Sisterhood at their February meeting held Tuesday evening in the synagogue, South Jefferson street, heard Atty. Joseph Solomon speak on "Lincoln, the Great Emancipator".

Singing of "America" opened the meeting with Mrs. M. Slavovskiy at the piano, followed by prayer by Mrs. J. Cobb.

Mrs. Cobb, program chairman, introduced Atty. Solomon, who recently returned from service in the U. S. Army.

The speaker's presentation included short sketches of Lincoln's life and mentioned the fact that Lincoln was born in Berks county, Pennsylvania. The spirit of "the Great Emancipator" was one of true democracy, he said, and held the group's close attention as he recalled well-known highlights of Lincoln's life.

In recognition of the day, refreshment tables were arranged in L-shape. Hostesses were Mrs. G. Abbott, Mrs. I. Solomon, Mrs. R. Pakov, Mrs. H. Greenberg, Mrs. A. Katz, Mrs. L. B. Rosenberg and Mrs. P. Alpern.

Mrs. H. P. Shapiro, of Detroit, Mich., was an out-of-town guest.

Next Months Critical Time Bowles Asserts

Will Require Judgment,
Ability And Courage To
Go Through Next
Few Months

NEED PRODUCTION TO OFFSET INFLATION

WASHINGTON, Feb. 13.—(INS)—Price Administrator Chester Bowles warned congress that the next six to nine months are "critical" in the fight to avoid inflation.

Bowles told the house appropriations committee in testimony made public Tuesday:

"In my opinion the next six to nine months is the critical period. That does not mean the pressure will be gone at that time, but there is a period that we have to live through and it is going to take some courage and good judgment and some ability and some luck to do it."

Simultaneously, Civilian Production Administrator John Small warned the committee in his testimony that tremendous production is needed to offset all-out inflation. He declared:

"If we do not get tremendous production over the next period of six or eight months, with all this talk about lifting price control, we are going to have the worst inflation that the world has ever known and the worst collapse that the world has ever known. We have to get production and we have to stop inflation."

On the other hand, Small added, if industrial peace is achieved soon, the nation will face an era of unparalleled prosperity.

He said: "I think we have our destiny within our own hand, and if we can get over this hump, we are going ahead to the greatest prosperity that any nation ever had."

To Lift Controls
Bowles told the committee that many price controls which OPA predicted last October could be lifted this year, will now have to be

continued. As forecast by Bowles, the new estimates were:

1. Processed fruits and vegetables—no suspension of price control until after Jan. 1, 1947, except for a few minor items.
2. Milk, cream, ice cream and manufactured dairy products—controls to continue until spring of 1947.
3. Fresh fish (a few varieties)—controls may be lifted by May, 1946.
4. Major meat items—no lifting of controls before July, 1947, with minor items possibly being decontrolled about December, 1946.
5. Textile or apparel items—no suspension of controls before the spring of 1947.
6. Restaurants—controls to continue until at least autumn.
7. Services and transportation—laundries, dry cleaning, etc.—controls to continue.
8. Automobiles and automotive parts—controls to continue until June 30, 1947.

Famous British Woman Succumbs

Lady Grace Drummond-Hay Internationally Known Figure, Is
Heart Attack Victim

NEW YORK, Feb. 13.—(INS)—Lady Grace Drummond-Hay, internationally known aviatrix, writer and world traveler, Tuesday died of a heart attack in a New York hotel.

Few women have led more adventurous lives than this aristocratic English widow whose name was well-known to millions of readers. She was the first woman to cross the Atlantic by dirigible aboard the Graf Zeppelin in 1929, and a year later she was the only woman to circle the globe in that famous German lighter-than-air transport. Lady Hay held a pilot's license of her own. In 1929 she took over the controls of the giant German Dornier DO-X, then the world's largest airplane, and flew it with 60 passengers aboard.

As a newspaper correspondent, Lady Hay interviewed scores of the world's best known figures. She once described Mohandas K. Gandhi as the most interesting person she ever talked to, placing him ahead of Chiang Kai-shek, Mussolini, Hitler, the late Kemal Ataturk, Mme. Magda Lescu, the companion of former King Carol of Romania, and scores of others.

Major Goodman On Inactive Status

Major Charles Goodman, son of Mrs. Harriet Goodman, of 210 East Falls street, is on terminal leave from the Army and has reverted to an inactive status.

Major Goodman, who has been in the service for the past five years, recently concluded an eight month tour of duty in the Hawaiian Islands. His last station has been the Jefferson Barracks, in Missouri, where he received his terminal leave papers.

Major and Mrs. Goodman are visiting for the present, at the home of Thomas H. Hartman, 235 Edgewood avenue. He has resumed his position with Pennsylvania Power Company.

EXAMINE TREES FOR FIRE BLIGHT CANKERS

Orchardists whose trees were attacked in 1945 by fire blight should be on the lookout during pruning operations for over-winter cankers. Live cankers should be removed by cutting out all diseased bark. If left undisturbed these cankers can serve as the source for another fire blight this year. Removal of all the cankers will lessen the severity of any such attack.

Pears, quinces, and such varieties of apples as Yellow Transparent, King, Stark, and Transcendent Crab, are most likely to harbor fire blight cankers.

GREEN LEAVES AND RED CHEEKS

Young people seem to like red cheeks and gum and lips. Rouge and lipstick are used to imitate the real thing. Good health and good diet are much better than paint and powder. Green vegetables like cabbage and celery and endive and lettuce help to keep a good complexion. Yellow vegetables like carrots and squash help the good work along. Some of these vegetables should be eaten every day.

Johnnie will eat a carrot just like a piece of candy. Mary prefers radishes or celery. Each person should eat what he likes best, and try to learn to eat other things, too. Pink cheeks and bright eyes mean more than just being good looking.

FARMERS STOCK PONDS
SAN FRANCISCO.—(INS)—Census authorities have disclosed that U. S. farmers stocked about 4,000 new farm ponds with fish during the last year. They added the ponds will produce 250 pounds or more of fish annually per acre of water.

Bowel Cleaning Power of Erb-Help Medicine

One man recently took ERB-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way. ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP! Sold by All Drug Stores here in New Castle.

Jobless Benefits To Idle Veterans At Staggering Rate

More Than 1,000,000 Jobless Vets
Getting Paid \$20 Weekly
Compensation

WASHINGTON, Feb. 13.—(INS)—Congress learned today that the government is paying jobless benefits to idle veterans at the rate of one billion dollars annually, with the cost increasing rapidly each week.

Gen. Omar Bradley, veterans administrator, recently appealed to the House appropriations committee for another half billion dollars to defray the \$20 weekly unemployment compensation behind paid to more than one million jobless veterans.

Another veterans administration official expressed the "hope" the new appropriation would last until June, when new funds will be needed.

quickly approved the half billion dollar appropriation, which is now pending in the Senate.

Bradley revealed to the committee that the number of idle veterans jumped from 100,000 about December 1, 1945, to one million last month. He added:

"It is going up at the rate of about 250,000 a week."

More than 3,000,000 troops moved overseas through the New York port of embarkation during World War II.

Today there is little chance for anyone to suffer from rheumatic or neuritic pains. Why suffer another day from this painful ailment when you can obtain instant relief by using MUSCLE-RUB. It is useful for sore muscles, sprains, and invigorating massages. Rub it today. Use one-half the bottle and if you are not amazed and delighted with the results, return the remaining half to your Druggist and he will refund your money.

SOLDIER NEPHEW HONORED AT DINNER

Mr. and Mrs. Thomas Evans of Northview avenue entertained on Tuesday evening at their home with a full course turkey dinner and all the trimmings at six o'clock. The event was in honor of the twenty-first birthday anniversary of their nephew, Cpl. Stanley Robert Jones, home on furlough from Fort Bank, Mass.

Also sharing the honors were Tech. Sgt. Jack Hitchen, recently returned from European Theater of Operations, S-Sgt. Riley C. Burke of St. Albans, W. Va., back from the Pacific area, Sgt. Martin Kuttisch, from the China-Burma-India area, and Cpl. John Kuttisch of the European theater, these four recently honorably discharged from service.

There were 30 guests. Patriotic colors were the color scheme, and a large birthday cake graced the table.

Those assisting the hostess in serving were Mrs. Jack Hitchen, Miss Mary Kuttisch, Mrs. Evan Evans and Mrs. Robert Thompson. Bridge and 500 were the evening's diversions, with prizes falling to Mrs. Stanley Jones, Mrs. Herman Richards and Jack Hitchen.

LIFE SENTENCE FOR JAPANESE OFFICER UPHELD

YOKOHAMA, Feb. 13.—(INS)—Lieut. Gen. Robert Eichelberger, U. S. Eighth Army commander, today approved the life imprisonment sentence given to Tetsuo Tsuchiya, the first Japanese war criminal tried in Japan.

Tsuchiya, known as "Little Glass Eye" to war prisoners at the camp where he was a guard, was held responsible by an American military commission for the death of Pfc. Robert Gordon Teas.

Eichelberger acted as final reviewing authority in the case and made the sentence final.

U.A.W. Walks Out On Strike Parley

DETROIT, Feb. 13.—(INS)—One cent-and-other differences—separated General Motors Corp. and 175,000 UAW United Automobile Workers today as the strike entered its 35th day.

The UAW walked out of the conference last night when GM officials presented an offer for a wage increase of 18 1/2 cents an hour. The union, which demanded 19 1/2 cents, said there were "too many strings attached."

With the strike negotiations thus disrupted, temporarily at least, the only scheduled meeting for the union and GM is in the National Labor Relations board hearings.

TWO ROBBERIES IN PITTSBURGH

PITTSBURGH, Feb. 13.—(INS)—Police today reported two robberies were committed during the power strike which left Pittsburgh temporarily "browned out."

Charles Hartman, a truck driver, was robbed of \$500 when three gunmen held him up and then locked him in the rear of his candy truck. He was released when a passing patrolman heard his screams for help.

Mrs. Rae Sachs was in serious condition in a local hospital after two men, both armed, shot her in the back and fractured her jaw when she attempted to halt them from robbing her store.

Police said the men took \$20 from two cash registers and fled. The robbery occurred in the middle of the day.

Tut was one of the richest men of his day and as he was the government he had no income tax worries.

William Winter Is New Director Of 'Y' Activities

Recently Returned Veteran Started Career With Local Branch Ten Years Ago

WILLIAM WINTER

William A. Winter, recently discharged from the armed forces, has assumed a new position with the Y. M. C. A. taking charge of all program activities for the branch since his return from the service.

Prior to his entrance into the army, Mr. Winter was the physical director of the branch, a post he assumed some years ago, and held until August, 1944. In his new job he will have a physical department director and a boys' department head working with him. The local veteran will also be the membership secretary for the organization.

Member Years Ago
Mr. Winter is a product of the local association, having become a member of the "Y" eighteen years ago as a very young boy. Through the years he served as assistant physical director, and then as chief director of athletics.

He served for eighteen months in the army, part of which time was spent in an overseas theater.

Active Program
Mr. Winter plans an active post-war program of activities which he hopes will interest many of the men who have recently returned from the armed forces. Up to date some four hundred veterans have accepted the free three-month membership in the organization and are enjoying the many privileges of the branch.

In addition to these plans, Mr. Winter wants to initiate a most active program for young boys. His experience in this work fits him ably for the job since he spent years at the Fred L. Renz YWCA camp as counselor and camp director.

Under the supervision of this new director, the local association looks forward to a busy season of activities for young men and boys.

GEORGE H. EARLE IS FACING SUIT

New York Man Claims \$12,955 Is Owed To Him By Former Governor Of State

NORRISTOWN, Pa., Feb. 13.—(INS)—Pennsylvania's ex-Governor George H. Earle, en route home from Turkey, today was back in the news again.

He was being sued in Montgomery county court for \$12,955 which Bernard A. Gunn, of New York, claimed Earle owed him on a \$24,000 loan.

The loan, Gunn declared, was obtained in June, 1933, from Florio, Ballard and Smyth, New York brokers. The promissory note covering the loan, he added, was assigned him last December 4 after Earle made payments of \$11,504.49

up to November 1, 1936, due date of the final installment. Gunn's action, requesting six per cent interest from November 1, 1936 was in the form of a foreign attachment. He claimed the former Democratic governor of the commonwealth is not now a resident of Pennsylvania, but owns a home in Haverford.

Earle was married last December in Turkey to the 19-year-old daughter of a Belgian railroad construction engineer. It was his second marriage.

Strikes Waves To Cause Legislation

PITTSBURGH, Feb. 13.—(INS)—Minority House Leader Rep. Joseph W. Martin, Jr., (R) Massachusetts, said the current wave of strikes today "unquestionably have an influence on the passage of legislation" in Washington.

Martin was scheduled to address the Allegheny county Republicans but the meeting was cancelled because of the power strike which was suspended late last night.

The national GOP leader in endorsing the candidates of Reps. James E. Campbell, Robert J. Corbett and James G. Fulton and also Maj. John R. Brown, Republican nominees for congress, attacked the foreign and domestic policies of the present administration.

MAN IS SLAIN IN GUN BATTLE

PITTSBURGH, Feb. 13.—(INS)—Police today were holding two men in connection with the death of Fred Squires, 44, who was slain in a gun fight in a Homestead gambling establishment.

James Cargill, 63, one of the men held, was wounded in the battle which started over a dice game, according to police. He was taken to Homestead hospital. The other participant, Thomas Hoard, alias John Brown, 46, was in county jail.

County detectives reported Hoard shot Cargill who, in turn, shot Squires. The latter was shot thru the head and died instantly, according to police.

Fires in the United States every year take a toll of about 10,000 lives.

Attention Returns To Steel Strike

PITTSBURGH, Feb. 13.—(INS)—Pittsburghers turned their attention back to the strike-bound steel industry today after the power strike, which threatened to leave them without heat, light and transportation, had been suspended.

Only a few steel and union officials showed up at their downtown offices yesterday. The lack of elevator service in the office buildings was given as the unofficial reason.

One CIO-steelworkers' spokesman said that he talked with union officials in Washington and that they reported "nothing new."

SCHOOLS DO FINE JOB IN MARCH OF DIMS CAMPAIGN

Children And Teachers Contribute
Over \$1,000 In Campaign
Now Ending

Lawrence county schools did a fine job in raising funds for the fight against poliomyelitis during the March of Dimes campaign, which is now drawing to a close. Over \$1,000 was given by the teachers and children in the schools of the county with the New Castle schools giving \$432.26, of that amount, the total for the county actually being \$1,000.56.

Chairman William R. Hanna of the Lawrence County League for Infantile Paralysis, expressed his appreciation today for the fine job done by the teachers and children.

The results of the campaign are being summed up, and the total amount raised will be announced in a few days.

Approximately \$2,200 was secured from the boxes which were placed throughout the county. Mr. Hanna stated, and in addition many checks were received.

With 238 cases of infantile paralysis reported throughout the nation in the first five weeks of 1946, the largest number in any like period since records have been kept, indications are that more money will be needed to treat and combat the disease this year than in the past. One case was reported from Lawrence county, which is receiving attention in the isolation ward provided for this purpose at the Jameson Memorial hospital.

Results by schools in the county drive, were as follows: New Castle, \$432.26; Shenango-Taylor Joint, \$15.72; Hillsville, \$84.15; Chewton, \$18.20; New Bedford, \$36.65; Harlansburg, \$61.20; Union, \$60.17; Walmo-Clenmore, \$30.50; West Pittsburg, \$25; Edenburg, \$24.50; Pulaski, \$26.00; Volant, \$16.70; Enon Valley, \$25.31; Bessemer, \$49.18; Sts. Philip and James, \$13.86; Shenango, \$36.40; Wampum, \$47.70; East Brook, \$5.67.

War's Finish Finds Schemes To Defraud Vets

WASHINGTON, Feb. 13.—(INS)—Congress was warned Tuesday that the end of the war has brought a great increase in mail schemes to defraud returning servicemen and gullible civilians.

Postal officials told the House Appropriations committee of how a group in New York has been defrauding people in the south of "well over" a million dollars annually.

ly through the sale of worthless clothing.

W. C. O'Brien, Post Office department attorney, explained that poor people in the south "who cannot afford to buy new clothes" were sent "a lot of rags, things that are unwearable" under the guise of receiving second-hand clothing.

O'Brien said another favorite scheme is to induce relatives of a deceased serviceman to spend "large sums of money" to purchase a book "supposed to contain the names of outstanding heroes." The book contains instead "the names of everybody, whether he was a hero or whether he died as a result of a kick from a mule."

O'Brien commented that some men "were so simple" that they accepted mimeographed love letters from a "woman 62 years of age, 200 pounds, several times a mother, who advertised that she was 19 years old, with \$10,000."

Still others are shocked, O'Brien related, when they send money for an obscene book, but when they get it, "it is as pure as the bible."

Returning veterans were warned to beware of many offers of a "small business opportunity."

Shelve Raises For Institution Workers In State

HARRISBURG, Feb. 13.—(INS)—Salary increases and reduced working hours for employees of state institutions were shelved Tuesday by State Welfare Secretary S. M. R. O'Hara.

She told 58 wardens and superintendents meeting at Harrisburg that wage increases were not feasible during the current biennium because "the budget has already been made."

A reduced work-week would necessitate the employment of additional personnel, she pointed out. Delegates explained that while most worked only eight hours they were on call 12 hours a day.

The were urged to prepare necessary legislation by autumn for presentation to the general assembly during the 1947 session.

Gov. Edward Martin assured delegates that the \$16,000,000 construction program, embracing improvements of mental and penal institutions, would get underway "as soon as possible." The main obstacle

was uncertain labor conditions, he added.

Improved administration, fire protection and transfer of products between institutions was discussed during group conferences yesterday.

Denies Reports Truman Won't Run

WASHINGTON, Feb. 13.—(INS)—Postmaster General Robert E. Hannegan, chairman of the Democratic national committee, flatly denied Tuesday published reports

that President Truman has said he will not be a candidate for re-election.

At the same time the White House declined comment on the report, published in the Chicago Sun.

Hannegan declared in a statement:

"There is no truth in the report that President Truman told a group of White House advisors that he would not be a candidate for the Presidency in 1948."

"The President has been so busy with foreign and domestic problems of overshadowing importance that he has had no time to consider the 1948 election."

"I do not know the origin of the story appearing in the newspapers today. To my knowledge no such meeting as was described was ever held."

How, asks Zados Dumkopf, did politicians air their views before the invention of radio?

Soldier Vote Is Discussed

Some Leaders Do Not Believe It Will Be Centralized This Year

NEWS NOTES OF STATE CAPITAL

HARRISBURG, Feb. 13.—Politicians at the State Capitol have discounted the belief of some chiefs that it will be necessary for candidates for high state offices this year to have military records. Some leaders have emphasized that "G.I.s won't vote for brass." In addition, they have claimed that World War II veterans were not highly organized at this time to form a powerful bloc. Some observers have predicted that the 1946 elections may be the last time that civilians may head the tickets for high offices.

State Sen. George Woodward has announced he will not seek another term in the upper chamber where he served for 28 years. The 63-year-old lawmaker, his erect figure clad in knickerbocker suits, was a familiar figure at the State Capitol which represented to him the majesty of the people of Pennsylvania. Woodward is a man of many talents, none the least of which is his writing. For years he has issued a four-page business-envelope size publication entitled the "Pennsylvania Legislator." In it he wrote whimsically of a variety of subjects ranging from international politics and philosophy to the health of a senate sergeant at arms who was his appointee. Woodward will be remembered for many reforms including the employees' retirement system he fathered.

"Much has been written concerning the application of atomic energy to industrial uses and marvels of efficiency and economy have been predicted," Secretary of Internal

Affairs William S. Livengood, Jr., has reported in the department's monthly bulletin. "But we have been left in the dark as to one vital particular. We know that one atomic bomb is capable of destroying a city, but how many tons of coal were burned to produce the bomb? In other words, would it have been cheaper to manufacture enough ordinary bombs to do the job, without resorting to atomic energy?"

William P. Miller, of Burgettstown, president of the Washington County Teachers' association, has written an article for the Pennsylvania State Education associations weekly bulletin discussing "Military Training via Education." "How can a nation, without being hypocritical, on the one hand train its men for war, and on the other hand, build for an enduring peace?" he asked. "These two paradoxical ideas cannot remain paramount and on an equal basis without coming into open conflict with each other. We must emphasize and concentrate on one or the other. We must decide whether we want a peaceful world or we must prepare ourselves for World War III." Possibly there is a solution to this problem if we still have open minds and if we are willing to put forth as much money and effort for peace as for war. Miller explained, "Moral education is the basis for an enduring peace. Scientific education is the basis for a successful military campaign."

Asks Reduction In Liquor Taxes

PHILADELPHIA, Feb. 13.—(INS)—A reduction in liquor taxes was called for Tuesday by Laurence H. Eldredge, president of the Pennsylvania Alcoholic Beverage Study, Inc., to offset a revival of bootlegging. Eldredge declared that federal excise taxes should be lowered substantially, and the state's 10 percent liquor sales tax—passed in 1937 as an emergency measure—should be abolished. "It is only the rationing of sugar and the scarcity of metal that has postponed another era of lawlessness from taxation so high it again makes bootlegging pay," Eldredge declared.

WATCH DISTRICT FIVE CONVENTION OF MINE WORKERS

Expect Indication Of Demands To Be Made By Miners In Annual Negotiations

PITTSBURGH, Feb. 13.—(INS)—Industrial and labor leaders today kept a watchful eye on the 15th biennial wage-scale convention of District 5, United Mine Workers of America, in the hopes of getting some indication of the policy union chief John L. Lewis will follow when he reopens contract negotiations talks with the coal companies this spring. The policy committee took under consideration some 200-odd resolutions—almost all seeking a boost in wages—adopted by the miners at the opening sessions of the convention in Pittsburgh. The proposed resolutions indicated the miners will be seeking a shorter work-week with no decrease in present take-home pay. Also significant was the proposal that the district adopt a ten cent "royalty" for each ton of coal mined. The money would be paid to the union by the company.

Other Proposals
Last year, Lewis demanded such a royalty during contract negotiations with the companies. The demand, however, was later dropped. Other proposals included: Two weeks vacations pay instead of the present \$75 allowance. Free hospitalization. Added safety precautions. More sanitary arrangements. Pay scales and classifications for all workers. Unemployment payments be increased to \$25 a week and old-age pensions to start at 55 years instead of the present 65.

A union spokesman said the resolutions will be considered by the policy committee today and probably will be placed before the convention tomorrow.

Miss Lois Kerr is supervisor of the class.

HARRISBURG—Republican State Chairman M. Harvey Taylor has been a hard man for newspapermen to contact but they recently learned why his phone has been so busy. "I have had about 20 telephone calls a day from people who tell me you should be a candidate for the United States senate," Taylor told Gov. Edward Martin.

The baggage of a certain company of soldiers at Fort Warren is in Japan, but the G.I.s are happy about the whole thing. The group was all set to sail from port for Japan when their orders were changed. Their baggage already was stowed aboard ship, and went on to Japan, however.

Two simple steps in Improving the LOOKS ...boosting VITALITY!

GETTING VALUE out of the food you eat is YOUR No. 1 HEALTH PROBLEM whether you eat 500 or 2,000 pounds yearly. To do this, medical science says, you must have an adequate supply of natural stomach DIGESTIVE JUICES, and RICH, RED-BLOOD must be present. SSS Tonic may help you get both if this is your trouble, without organic complication or focal infection, as these two important results enable you to make use of the food as Nature intended. Thus you get fresh vitality... pep... do your work better... become animated... more attractive! SSS Tonic has helped millions... you can start today... at drug stores in 10 and 20 oz. sizes.

S.S.S. TONIC helps build STURDY HEALTH

NOTHING BETTER

In 1918—in 1940—Anytime... Back in 1918—and again in 1940—the United States government faced the problem of providing for the dependents of her men in uniform, in the event of death in service.

The solution was the same both times... Life Insurance.

The United States government, with every facility and resource at its command, could find nothing better. Thus was born War Risk Insurance in 1918 and National Service Life Insurance in 1940.

You couldn't find a higher endorsement of the principle of life insurance anywhere in the world—a finer tribute to the only financial force known whereby a man may plan and guarantee his family's financial security.

VETERANS OF WORLD WAR II SHOULD KEEP AND CONVERT THEIR NATIONAL SERVICE LIFE INSURANCE, using it as part of a foundation for a well-planned program of financial independence.

For the years of peace are hazardous, too. Each year more people die of natural causes than were killed in the costliest years of war. And death—however it occurs—leaves the same onus in its wake: Families must carry on, homes must be maintained, mortgages paid, and educations made available.

Your government could find nothing better than life insurance for protecting your loved ones in the event of your death.

We don't think you can.

The flag flying from a staff over the central pediment and in front of the dome of the National Capitol in Washington, on the east front, and a similar flag on the corresponding side of the dome on the west front, are never lowered, night or day, except for replacement. That these flags should fly continuously is a matter of custom, which has been followed for many years, until now it has the authority of tradition.

FORECASTS EARLY STEEL STRIKE END

Iron Age Sees End Of Strike By Early Next Week; Cites Cause Of Delay

NEW YORK, Feb. 13.—(INS)—Iron Age, national metal-working paper, said today that the steel strike will probably end this week or early next week.

The journal stated that the only bar to steel workers going back to work the latter part of this week or next Monday would be a disagreement over the retroactive feature of the wage increase.

According to the Iron Age, approximately six million tons of steel and \$60 million in wages of basic steel employees have been lost.

The steel workers will get their 18.5 cents an hour (President Truman's compromise) which represents a scaling down from the union's original demand of 25 cents an hour, subsequently cut down to 19.5 cents.

The steel industry, the paper said, is to obtain an average increase of \$3 a ton on carbon and alloy steels. Two weeks will be required to allocate \$450 of the \$5 advance among various steel products. Three weeks will be needed to distribute the remaining 50 cents a ton among steel products.

Iron Age asserted that the only reason the steel price announcement was not made earlier this week was that it was held in abeyance until the broad pricing policy of the administration was completed and announced.

Students Continue School Bond Sales

January Average Still \$1.16 Per Pupil; Total Since September \$79,754

New Castle's average student still pays \$1.16 a month for bonds and stamps, according to a survey of the January bond sales in the public schools.

Altogether, the January total for all of the schools with the exception of Senior High school was \$7,302.30, bringing the grand total of sales since last September to \$79,754.55.

Seven schools with an average of over \$1 per pupil in January are: Highland, \$2.39; Mahoning, \$2.34; Lincoln-Garfield, \$2.09; Thaddeus Stevens, \$2; Rose Avenue, \$1.49; Arthur McGill, \$1.48; and Oak Street, \$1.03.

Mahoning sales were the largest during the month, amounting to \$1,384.40. Following close behind were the sales at Lincoln-Garfield, which totaled \$1,224.15, while Thaddeus Stevens, Highland, Ben Franklin, Arthur McGill, and Rose Avenue all had totals of over \$500. Sales at Senior High school have been discontinued.

Pupil averages are based on pupil sales only, explains Miss Nannie L. Mitchell, chairman of the Public Schools Stamps and Bonds committee.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Interest Grows In Cathedral Meetings

Illustrated Sermon To Be Presented By Rev. Jackie Burris At Tonight's Meeting

A large week night audience of 1800 people gathered in the Cathedral auditorium Tuesday evening to hear a well balanced program of gospel music presented by the Musical Messengers of the Jackie Burris evangelistic party, who have begun a month's campaign of services in the city. Participating on the program were Mr. and Mrs. Neil Macaulay, instrumentalists, the "Smitty" girls quintet of Minneapolis, Rev. Burris, who introduced the various numbers on the program, and Miss Joan Burris, twelve-year-old daughter of the evangelist, who rendered a solo.

Tonight, at 7:30, the party will present a musical program, followed by an illustrated sermon, to be given by Rev. Burris, entitled, "Hindrances in the Church". On the platform will be a large church, and as the evangelist preaches, he will practically lift various objects from the church that are hindrances to present day church work.

Thursday evening the title of the sermon is "When God Feeds the Dictators to the Buzzards", one of Rev. Burris' prophetic messages.

WEST PITTSBURG FIREMEN MEET

G. Clark, of the New Castle department was also present and spoke.

The entertainment committee announced a series of entertainments which will start Tuesday evening, Feb. 19.

A change in the meeting dates was voted, and the next meeting will take place Monday evening, Feb. 18. President William R. Norman announced.

JAP ATTORNEYS SHUNNING TOJO

'Pearl Harbor' Premier Is Reported Without Counsel For Coming War Trial

TOKYO, Feb. 13.—(INS)—Japanese attorneys today were reportedly shunning Gen. Hideki Tojo as a prospective client in forthcoming trials of major war criminals.

The Tokyo newspaper, Asahi, reported that many top-notch Japanese lawyers are conferring with other war crimes suspects held at Sugamo prison but that Tojo, Japan's "Pearl Harbor" premier, is conspicuously without counsel.

Regular defense council will probably be appointed for the major suspects, but many of them are already laying advance plans with the aid of their Japanese attorneys.

Among suspects already receiving legal advice are Prince Norihisa Nashimoto, a member of the imperial family, Hiroshi Oshima, former ambassador to Berlin, and General Kenmi Dohira, former head of the Kempeitai, Japanese secret police.

Makes New Attack On General Bradley

CHICAGO, Feb. 13.—(INS)—A new attack by National Commander John Stille of the American Legion on Veterans Administrator Gen. Omar Bradley asserted that failure today "of the veterans' program may be a national calamity."

Stille, who is a member of the Springfield Lincoln day dinner last night, reiterating his charge that the Veterans Administration has broken down.

The Legion's national commander called for an immediate decentralization of the administration from Washington.

Stille branded as "smoke screens" Bradley's previous assertion that they had argued over location of a hospital in Decatur, Ill. Decatur is Stille's hometown.

Stille claimed his "heated" telephone conversation with the general was over the letter's alleged refusal to accept membership on the Legion's advisory committee.

Plan Agreement Governing U.N.O. Permanent Home

LONDON, Feb. 13.—(INS)—The U.N.O. approved unanimously today the draft of a convention with the United States which covers points arising from settlement of the permanent home of the world organization in America.

Sen. Arthur H. Vandenberg said he was confident the U. S. congress was deeply sympathetic with U.N.O. plans. He reserved comment on the American position regarding the granting of immunity to U.N.O. employees on the income tax and military service, pending congressional decision.

SON OUTRANKS DAD
ROCKFORD, Ill.—(INS)—When Army Lt. Herschel B. Davis, Sr., met Navy Lt. Herschel B. Davis, Jr., the rules of rank required pop to salute his son first. The younger Davis was commissioned an ensign two days before his father be-

came a second lieutenant, which gives him seniority. Both men recently were promoted one rank.

There are 28 wars listed, beginning with the Revolution and ending with World War II, in which the United States has engaged.

NEWS OF MEN AND WOMEN IN U. S. SERVICE

Captain Samuel W. Townsend, president of WKST, has returned from service with the United States Navy. Captain Townsend was discharged several months ago but was recalled for some special duty in connection with radio communications with the navy.

Mr. and Mrs. Theodore R. Castele have received word from the navy that their son, Theodore, who is now stationed at the Camp Peary naval training station at Williamsburg, Va., has successfully passed the Eddy test. This will enable him to take up the study of radar after he completes "boot camp."

Sgt. Philip D. Schuller, whose father, John Schuller, lives at R. D. 1, New Castle, has secured his release from the army air forces after 42 months in uniform. He served as a radio mechanic and operator with the third air force. Among his awards are the radio mechanic's medal and the World War II victory medal.

February 11 discharges at Indian-town Gap list the following New Castle soldiers: T-4 Albert T. Padula, 731 Pearl street; Pfc. Dominic T. Capasso, 114 E. Home street; Cpl. Anthony J. Delorenzo, 416 Hawthorne street; Cpl. Joseph P. Mulderig, 133 E. Garfield avenue; Sgt. Philip D. Richards, 110 E. Home street; Pfc. John E. Rand, 1326 Sheet street; Pfc. Carmen T. Fusco, 232 S. Family Reunited After Five Years

Five Sons In Service, Three Now Discharged. And One Daughter, Back Home

For the first time in five years Mr. and Mrs. P. E. Barber of West Washington street, R. D. 2, were united with their six children over the week-end. Five are sons, three of them honorably discharged from U. S. forces, another son a hospital patient, and one still in the service; a daughter, Mrs. Clarence U. Helms, is a resident of Martins Ferry, O.

Cpl. Richard Barber was recently discharged from Fort Meade, Md., and is home with his wife, Mrs. Stella Barber and daughter Dianne of West Washington street. He was attached to the military police at Camp Pickett, Va., and was in the service 38 months.

Cpl. Kenneth F. Barber of the air corps was discharged in December. He served in England and France.

Cpl. Jack C. Barber was discharged in November. He was with the infantry of the third army in France, Belgium and Germany. Jack was in the service 33 months and overseas 25 months.

Lieut. Tom Barber, U. S. Marine Corps, is on convalescent leave for 30 days from Marine Base hospital, Jamaica, N. Y. He enlisted in the service December 8, 1941.

William James Barber, S-1-2, is on 15 days leave from his base at Gulfport, Miss. He has been in the service one year.

Nimitz Scores Complacency In Decreasing Navy

Admiral Calls Atomic Destruction Of Naval Vessels 'Fantastic Theory'

PHILADELPHIA, Feb. 13.—(INS)—Admiral Chester W. Nimitz, chief of naval operations, Tuesday scored "increasing evidence of complacency in the dwindling strength" of the American navy.

"There are some people who will claim that the atomic bomb now makes navies obsolete," Nimitz told the Golden Slipper Square club following a parade through mid-city Philadelphia.

"That has been claimed for every other new weapon from the smooth bore gun to the armor piercing shell," he declared. "That the atomic bomb will force navies from the sea in the predictable future is a fantastic theory offered without practical proof."

The white-haired admiral who directed the nation's sea war against Japan said he would "sneak" that ships "are not profitable targets for atomic bombs of the kind used at Hiroshima and Nagasaki."

Difficult Target
"A fleet under way and properly deployed constitutes a very difficult target for this new and costly weapon," he said. "Much more logical would be the bases, upon which the fleets of sea and sky depend."

He pointed out, however, that "we are going to find out what the atomic bomb means to navies by actual test."

"While the prophets of naval doom are shouting themselves hoarse," Nimitz said, "the navy will be at work to make the changes needed to accommodate American sea power to the new weapon."

He appealed to all Americans "to preserve and maintain the sea power we created in the last five years."

"So long as we need imports and have exportable surplus to trade abroad we will need seapower," he said.

Says Finland Had Plans For Soviet Assault

Former Nazi Commander In Norway Reveals Finland Was In German Scheme

NUERNBERG, Feb. 13.—(INS)—Gen. Erich Buschenhagen, former Nazi commander-in-chief in northern Norway, revealed Tuesday that Finland participated in German plans for attacking Russia some four months before the actual assault.

Finland has maintained that her entry into the war on June 25, 1941, was as the result of Soviet bombing of her cities.

Testifying as the second Soviet witness before the Nuernberg war crimes tribunal, Buschenhagen, appearing well-dressed and well-nourished, said he had engaged in liaison work with the Finnish high command as far back as February, 1941.

Buschenhagen said he worked out details for the Finnish army's participation in the attack on Russia at several meetings with the Finns' chief of staff, Gen. Heinrichs. The witness said the meeting occurred in May and June of 1941, as well as February. He added:

"There was not the slightest doubt of the aggressive character of the plans."

Buschenhagen also confirmed testimony given by Field Marshal Gen. Friedrich von Paulus, commander of the Nazi sixth army at Stalingrad.

Paulus said that realization of the enormity of Germany's crime against humanity was forced upon him by the incredible suffering of hundreds of thousands of his troops in the unsuccessful assault.

GEM THEFTS CONTINUE
LONDON.—(INS)—London's "hot ice boys", jewel thieves extraordinary, gently lifted \$12,000 worth of gems belonging to Lady Alexandra Studd in their latest haul. This brought their total assets in jewels, according to Scotland Yard, to \$200,000 in seven weeks. The latest raid was on Lady Alexandra's home in West London. The thieves cleverly planned their movements to avoid domestic arrangements of the household.

Gen. Homma Case Before Reviewers For Final Perusal

MANILA, Feb. 13.—(INS)—The case of Lieut. Gen. Masaharu Homma, now under death sentence for war crimes, Tuesday was in the hands of U. S. Army reviewing authorities.

Homma was found guilty of condoning the infamous Bataan "death march", must die before an Ameri-

can firing squad unless authorities including General Douglas MacArthur see fit to mitigate in some way the penalty decreed by an American military tribunal.

As in the case of Lieut. Gen. Tomoyuki Yamashita, another former commander of Jap troops in the Philippines, it was believed that defense attorneys would exhaust every effort before giving up the fight.

Homma lost his hope of United States Supreme Court intervention yesterday when the Washington tribunal voted against interfering in the case.

The Supreme Court followed its own precedent set a few weeks ago

when Yamashita's plea was turned down.

Yamashita's penalty—death on the gallows—already has been approved by General MacArthur.

The firing squad death decreed for Homma was considered an indication that the trial commission considered him guilty of negligence rather than of willful brutality.

TOBACCO GOAL CUT

WINSTON-SALEM, N. C.—(INS)—Records show that the present stock of burley tobacco—plus 494,000,000 pounds from the 1946 crop—will make a year's supply. So the 1946 production goal has been cut 10 per cent.

School Resumes At Pittsburgh

PITTSBURGH, Feb. 13.—(INS)—The unexpected "vacation" for thousands of school children in the Pittsburgh district was over today when authorities announced the resumption of classes suspended during the power strike.

Dr. Earl A. Dinnick, city superintendent of schools, said he had instructed both teachers and students that if the strike was settled during the night, classes would be resumed the following morning.

NEW DISCOVERY IS ANNOUNCED

University Of Illinois Scientists Discover Evidence Of Compound To Halt Tooth Decay

CHICAGO, Feb. 13.—(INS)—Four University of Illinois scientists announced today that they have discovered strong evidence that ammonia compounds may be successfully used to prevent tooth decay. They also said that five months research has indicated that ammonia nitrogen may be the key to immunity from the disease, but warned that their studies must continue for at least another year before they can reach any clinical certainty.

Dr. Robert G. Kesel of the university's College of Dentistry announced the discovery at the 81st annual midwinter meeting of the Chicago Dental Society, and received the organization's annual \$500 essay competition award. He and his co-workers, Drs. Joseph P. O'Donnell and Edward Wach of the dental college and Dr. Ernest R. Kirch of the college of pharmacy, found the ammonia compound to be the consistently recurring factor in the saliva of persons immune to tooth decay, and later proved its power to inhibit the growth of bacteria always associated with the disease and probably to combat decay.

The scientists reported good results in the use of ammonia—not the household variety—in tooth powder and mouth rinses given to a group of patients suffering from active decay.

Aetna-Standard Plans Expansion

YOUNGSTOWN, Feb. 13.—Aetna-Standard Engineering Co. is planning a big expansion program which may include buying some other concerns, it was disclosed today. Names of concerns which might be linked with Aetna-Standard in the new program were not disclosed but the expansion would be financed by issuing some new common shares of stock, if Aetna-Standard stockholders approve, officials said.

A "two-for-one" split of the present common stock also is being considered to take care of some financial problems involved in the program. Aetna-Standard directors have called a special meeting of shareholders for Thursday, March 21, to consider increasing its authorized common shares from 200,000 to 750,000. Officials explained that the shareholders approve, two new shares will be issued for each present outstanding share and the rest will be used for the extension program. Aetna-Standard's common shares currently are selling at around \$33 to \$34 per share.

Report U. S. Given Tip On Japan's Plan To Attack

HONOLULU, Feb. 13.—(INS)—Officials of the multi-million dollar British firm of Theodore H. Davies admitted in Honolulu today that they tipped off the Hawaiian FBI, army and navy as early as Dec. 3, 1941, that Japan was making plans to attack the United States and Britain.

Firm President John Russell and Harry Dawson, head of the steamship department, said they received a message from their Manila representative on Dec. 3, 1941, which read:

"Japan intends to attack Britain and the United States but does not intend to attack Russia at present."

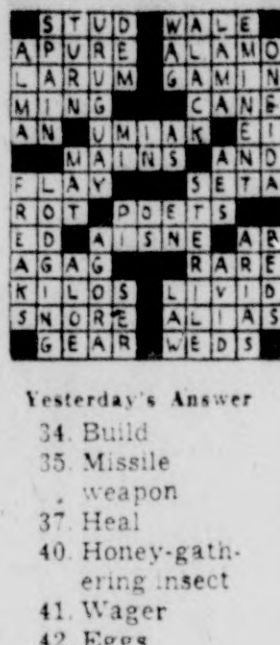

Dawson said that Washington reports that firm officials in both Manila and Honolulu had acted as intelligence operators were true.

Dawson at the time of the Pearl Harbor attack also was acting British consul in Honolulu.

Existence of the pre-Pearl Harbor warning message was stated in testimony by Henry C. Clausen, San Francisco attorney and ex-army colonel, when he appeared before the congressional Pearl Harbor investigating committee.

Mrs. Roosevelt Makes Speech Before Assembly

LONDON, Feb. 13.—(INS)—A UNO general assembly plea by Mrs. Eleanor Roosevelt for human freedom and the rights of man today defeated Soviet efforts to have refugee camp inmates supervised by persons of their own nationality. The Russian motion was defeated 29 to 8 after Mrs. Roosevelt drew the hypothetical parallel of Fascist Spain and administering a camp of Spanish Republican refugees. Also opposed by Mrs. Roosevelt and defeated by the assembly delegates was a Soviet-sponsored move to ban propaganda in refugee camp communities. The vote in this case was 31 to 10. The social and economic committee suggestion for an inquiry into establishment of refugee camps was approved unanimously. Ellwood City, New Brighton To Play Tonight

Contest Is Cancelled Because Of Strike; Quints Resume This Evening

With the power strike causing a blackout in the Beaver valley, the scheduled basketball game between the Ellwood City Wolverines and New Brighton's Lions was called off last night and the two quintets will play off the game tonight instead, at the Brighton floor.

Lack of lighting also put the damper on the scheduled Ambridge-Beaver Falls set, but the Allegheny-Parrell contest was written off the records yesterday afternoon at the "Quints" court, the Lippa men lacing the Steelers, 48-40.

With workmen returning to their posts at the power company, these cage tilts will be brought up to date in the near future.

Falcons Play Beaver Falls

Strong Celtics From Valley Is Attraction At Falcon Hall This Evening

Seeking their third victory of the season, the Polish Falcons will engage the strong Beaver Falls Celtics tonight at the Falcon court. The preliminary contest is scheduled for seven o'clock.

Beaver Falls is a team that boasts many ex-high school and Geneva college stars and should test the classy Falcons to the utmost.

Friday the Falcons will play the Weirton, W. Va., "Boosters" at the locals' court, and Sunday the Sons of Italy from Beaver Falls will be the attraction here.

Hearts-Second Battle Tonight

New Castle church league basketball fans are going to see a red-hot battle tonight in the second game on the evening's menu, when the Sacred Hearts will tangle with the second U. P. team. The first game at 7:30 will find the St. George Greeks playing the Croton Methodists.

In the third game the Epworth team will try to stay in the undefeated class by battling the First U. P. flippers. The Hearts have a score to settle with Second for knocking them into a playoff for the first half title recently, and will try hard to smother the County Line streeters.

Leo Houck, Penn State boxing coach, regards this year's Army team as the best he has ever seen at the Point.

HORSE racing, oft' referred to as "The Sport of Kings" must be in a sorry fix if what Walter L. Johns of the Central Press reports is true. He asserts that "to stop tampering with horses before their races, every horse which runs on the five New York tracks this year will be locked in its stall or barn two hours before post time." Ruby Goldstein, former boxer, now a referee, reports he does more road work now than he did when he was boxing. Dancers who take on weight are also forced to "hit the road" to maintain their agility. . . . The ring saying "he couldn't hit him with a handful of shot" is ancient. Here & There first heard it uttered by old Kid Road (formerly of Cleveland) the night that Walter Little of Chicago boxed Wild Bert Keyes in the Sharkey A. C. in New York and that was in the days when Hector was a pup.

Bill Vogan was one of the fans who watched the night's fighting in the Golden Gloves journey in Pittsburgh and reports "that was the first time I had my fill of boxing." The gloves kept swinging until 1 a. m. . . . Next Monday night here fans hope to see the last show's record. . . . If such occurs it truly will have been an Evening's Eve. . . . In the last show there were four technical kayoes, one kayo, two knock-downs and the other three bouts went the limit. Among the 16 to box are two heavyweights and two lightweights. The heavies are Sam Marshall of New Kensington and Emil Broscoe of Warren. Broscoe is said to be exceptionally good for an amateur. Jefferson A. C. is trying to bring back the McDonald "mosquito-weights" who depicted boxing as boxing should be. Bill Pozzy, Chuck Gibbons, Benny Newkirk and Les Leasure, Lawrence County amateurs, are on the card.

Another athlete is home from the war. He is Edward W. Sovesky, 10 Southview avenue. He served with the army in the Pacific where he earned a battlefield commission in the battle of Leyte. He also wears the Silver Star, Bronze Star, Purple Heart, Bronze Arrowhead for initial landings and Combat Infantryman's badge. He played halfback for New Castle high in 1938-40 and is also a ball player. . . . Shenango Valley Beagle club members and their wives will banquet Saturday night at Sylvan Heights. The club recently procured a new training area along the Harbor-Pulaski highway. . . . Clifton Flats will be back in baseball this year. . . . Dory Gunnert, pitcher, home for some time from the Pacific, is plastering. As yet he hasn't said his piece concerning '46 baseball. . . . Tom Farrow, the cop, just home from the navy, was a middleweight in the Dime brigade years ago.

For the first time in 45 years the Cincinnati Reds finished the 1945 season without a 300 hitter. Joe Wolf who defeated Henry Owens here was kayoed in the Pittsburgh Dapper Dan Golden Gloves meet. . . . Billy Hassett, captain of Notre Dame basketball team and a brother of Buddy of the Yankees, hopes to land an infield berth with a major league club. . . . Grunt and Groaners will soon be burlesquing in Pittsburgh. The grappers are packing 'em in Cleveland. People like amusement hence a revival of the "beef trust". . . . According to Arch Ward of the Chi-Trib's Wake of the News, reports dog and horse racing and jai-alai mutual business is the best in the history of Florida and adds that "money is the cheapest commodity in Miami this winter". . . . Marshall Davis Miles, 40, Buffalo, is Joe Louis' temporary manager. He can foresee nothing but a Louis win over Billy Conn in their June fight.

Walter Hamilton has many ups and downs in his daily life. He runs an elevator. The day before election the candidate says "Yes" and the day following his election he says "No". . . . After World War I the nation disposed of many ships which could have been used when World War II started yet they are now preparing to atomize many ships in the Pacific. Here's hoping they are never needed but who can say they won't be needed? . . . What America needs most is not a good five cent cigar but an awakening. . . . A man with sticky fingers usually leaves a smudge. . . . Indoor sports are going over big here. Billiard halls and bowling academies are packed nightly. . . . Some men do a lot of talking but say little. One of the best of attributes is to be a good listener. . . . A zoot suit is almost as scarce as hen's teeth nowadays.

ST. MARY'S RESERVES LOOSE
St. Mary's Reserves were defeated last night at the Catholic Center by the Youngsters Five, 38 to 30, with Don Walters and Morgan starring for the winners, and Carlikito for the losers. Sunday the St. Mary's Reserves will play the Falcon Reserves at the Falcon Hall, it was announced.

Pulaskis Trip 'Y' All-Stars

Paced once again by the sensational Fred Wimer, late of Rhode Island state, the K. Pulaski dumped the "Y" All-Stars last night at the K. P. hall, 47 t 41, in a game that took the place of the postponed K. P. and Christopher Columbus club battle.

Wimer had 26 points to be the outstanding performer, along with Eddie Strausbaugh and Lindy Lauro. Thursday the K. Pulaski will play the Beaver Falls Celtics at the K. P. hall at 8:30 o'clock. It was announced by Coach Al Gonet.

Bessemer Edges New Wilmington Hi

Cementers Take 38-35 Game From Greyhounds To Remain In Section 20 Race

Bessemer high school staved off a fighting New Wilmington game live at the Bessemer gym last night to win, 38-35, and still retain a chance in the Section 20 race.

The Cementers are playing "chips down" basketball now and they have to keep winning to keep pace with the swift Wampum Indians who are unbeaten so far. Both these clubs clash at the Wampum court Friday night with the championship at stake.

Verzilli Star
Verzilli, who started in the Bessemer lineup in place on Tonya, was the boy that squeaked a late New Wilmington rally and kept the Cementers' flag hopes alive. In the final moments the Eldermen came within a point of the Ciccone-coached crew, trailing 36-35 when Verzilli dumped in a hard shot to ice the contest, 38-35 and dim Greyhound hopes.

Clyde Shaffer, one of the smoother forwards on the county courts this season, had his usual brilliant night, garnering 15 points to lead both teams in the scoring column. Bessemer took the prelim contest by a 26-17 count.

Union Defeats Princeton High

Score Is 36 To 22 As Union Rings Up Third Win In Section 20

Union High Scotties basketball team won their third victory in Section XX last night by trouncing the Princeton High team, under a score of 36 to 22, at the Union High court.

Union grabbed a 6 to 3 lead in the first period and ran the count to 17 to 8 at halftime. The Princeton team won the third period, 9 to 8, but trailed Union 25 to 17, going into the final period, which Union took 11 to 5 to make it 36-22.

Conti-Taylor Stars
Starring in the Union victory was Conti and Taylor with 14 and 12 points respectively. J. Jones was best in the Princeton lineup with nine of the points.

In the preliminary game the Union Jayvees swamped Princeton's Jayvees, 31 to 13.

Beaver Meat Is Very Tasty Dish

HARRISBURG, Feb. 13.—(INS)—Looking for a tasty dish?—Try beaver meat.

State game commission officials reported today that trappers had informed the agency of the tastiness of beaver meat. Officials said beaver may be pot roasted, barbecued, baked, fried, boiled, stewed or fricasseed.

THADDEUS STEVENS WINS
Thaddeus Stevens school basketball team defeated the Pollock avenue school quintet 10 to 8 yesterday at the Lincoln-Garfield floor with Johnston the outstanding star with six of the East Siders' points, while Largo was best for the losers. Anzelone and Cupido played fine defensive ball for the Thaddeus Stevens team. The East Siders led at the half 4 to 2.

HOUSE LEAGUE GAME
In the House basketball game at the "Y" last night, the West Side A. C. defeated the Pearson Streets, 46 to 25, with Gunaugh, Davies, and Stewart featuring for the West Side, and Naples for the losers.

TWO DODGERS SIGN
NEW YORK, Feb. 13.—(INS)—Two more members of the Brooklyn Dodgers are in the fold for 1946 today. They are third baseman Lew Riggs and outfielder Red Durrett.

Shenango Nips Mt. Jackson, 35-34

'Lefty' Tanner Sinks Foul Shot In Final Seconds As Wildcats Win

With thirty seconds left in the game, Charles "Lefty" Tanner, cool Shenango high guard, swished in a charity throw and the Wildcats edged out a fighting Mt. Jackson quint at the Wildcats' floor last night, 35-34.

Last night's victory was the ninth of the season for the Shenango five, giving them a firm grip on third place in the Section 20 loop. Mt. Jackson has seven wins against five losses.

Tanner Brothers Star
For the Nahamens it was the Tanner brother combine that worked to advantage in the contest. Besides sinking the winning point, "Lefty" played his usual fine game, being high man for the evening with 14 markers. Brother Paul, although not a big gun in the scoring column, was a wizard at controlling the leather and kept the 'Cats together.

"Archie" Kerr and Bader spearheaded the "Mountie" attack with 10 and 12 markers respectively for their efforts and came within a hair of defeating the Nahas crew. **Tight Game**

Shenango zoomed into an impressive lead at the opening of the tilt and was riding on a 23-16 lead at the half. In the third period the "Mounties" broke loose with 14 points while the 'Cats floundered badly and were behind only 32-30 going into the final frame. The Binkley crew outscored the Wildcats 4 to 3 in the last quarter and managed to knot the score only to lose out when Tanner sent his game-winning shot through the net.

Beaver Season Opens Friday

Existing Price Of Pelts High Enough To Justify Efforts Spent In Trapping

HARRISBURG, Feb. 13.—(INS)—Game commission officials reminded sportsmen today that the 1946 beaver season will open at 7 a. m. in February 15 and close at noon March 1.

Officials pointed out that although one person may trap only two beavers during the season, "the existing prices of pelts are high enough to justify the time and effort expended in the trapping."

Authorities anticipated that sportsmen would make "a fair catch" if favorable weather conditions prevailed.

Sportsmen were reminded that trapping was not permitted where dams were posted by the commission and that one person may operate only 10 traps. Non-residents of the state may not trap beavers while tags must be kept above ice or water lines and pelts must be tagged within 10 days of the end of the season, the commission added.

Wrestling Coach Returns To State

STATE COLLEGE, Pa., Feb. 13.—(INS)—Charles Speidel, wrestling coach at Pennsylvania State college for 15 years prior to entering the navy in 1942, was planning today to resume his duties for the Nittany Lions March 1.

Speidel, a commander in the naval reserve, has been on duty in the Pacific ocean area for the past two years.

SEVEN JOCKEYS SUSPENDED
BALTIMORE Md., Feb. 13.—(INS)—Seven steeplechase riders and a trainer were given indefinite suspensions and a jockey's agent was ruled off for a year by the Maryland Racing commission Tuesday on a charge that they participated in a fixed race.

The action was taken following a hearing into the case Monday.

Rickey Favors Raise In Prices

SANFORD, Fla., Feb. 13.—(INS)—President Branch Rickey of the Brooklyn Dodgers said Tuesday he believes the New York Yankees are entitled to raise admission prices for games at Yankee Stadium, New York. He said he thinks Baseball Commissioner Happy Chandler is "dead wrong" in his opinion that prices should not be raised, but conceded that the commissioner had a perfect right to express his views on the subject.

Rickey then revealed that the prices at Ebbets Field, Brooklyn, would be increased the same as at Yankee Stadium.

Wampum Wins 12th Straight

Indians Continue Unbeaten In Section 20 By Lacing East Brook, 67-17

Wampum High school's Indians went on the war-path last night, shooting East Brook full of holes at the Eagles' gym, 67-17, and are now within one game of taking the sectional crown.

In nothing up their 12th straight win in the loop for this season, the Chiefs from the banks of the Beaver had an easy time of it despite the fighting heart of the Emerick cagers, who never let down in a hopeless cause. Wampum also took the preliminary game, 30-23.

Marich Again
For the Henrich hoopers it was the rapid fire shooting of Eddie Marich that highlighted the contest as the scoring leader pumped in 10 field goals and six charity throws for an aggregate of 26 points. Teammate Joe Capalbo also blew "hot" in the game, taking the East Brook hoops for 14 points.

The Wampum mentor interchanged two teams throughout the game and both units showed the smoothness and ball-passing ability that goes with champions.

Need One Game
All eyes will be turned toward the Wampum gym Friday night when the Indians square off against the Bessemer Cementers. The Indians need but one contest to clinch the title and since the Bessemer club finished New Wilmington last night 38-35, this will be the pay-off game.

East Brook will be at Mt. Jackson in their next game encounter, Friday night.

Founder Of PIAA Will Be Honored

HARRISBURG, Feb. 13.—(INS)—Dr. Charles S. Davis of Steelton, 61-year-old founder of the Pennsylvania Interscholastic Athletic Association, will be honored Saturday at Pittsburgh during the 40th annual banquet of the Western Pennsylvania Interscholastic Athletic league, the PIAA announced today.

Davis, a native of Perry county, launched the PIAA organization in 1912. He was superintendent of Steelton schools when he was retired 11 years ago.

Offer \$50,000 To Gus To Box Fox

PHILADELPHIA, Feb. 13.—(INS)—If all goes well, "Shufflin'" Billy Fox may get his shot at Gus Lesnevich's light-heavyweight crown in Philadelphia in mid-April.

Promoter Herman Taylor disclosed today he has dangled a \$50,000 guarantee in front of the Russian-American titlist.

Actually, Taylor's offer stipulated a \$30,000 guarantee with the added inducement of a flat \$50,000 in the event Gus should lose to the hard-punching Fox, knockout winner in his 37 professional battles to date.

Stephanian Quits After 24 Years As Charleroi Coach

CHALEROI, Pa., Feb. 13.—(INS)—Chaleroi High school officials today were on the lookout for a football coach to replace Steve Stephanian, who resigned after 24 years service.

Stephanian, who coached four sports at the school, will remain as athletic director and faculty manager. He came to Chaleroi in 1922 after a brilliant athletic career at Grove City.

At the same time, David L. Glunt, Stephanian's assistant, was named school principal and was not available for the post.

Reds Have 46 Under Contract
CINCINNATI, Feb. 13.—(INS)—Warren Giles, general manager of the Cincinnati Reds, said Thursday his club now has 46 players signed up for the 1946 season.

Latest to come to terms with the National league team were Pfenner, Clyde Shoun and Outfielders Clyde Vollmer and Al Libke.

K. Pulaski Reserves Win

Puaski Reserves defeated the Mustangs of the House league at the Mustangs of the House league at the "Y" last night at the K. P. Hall, in the preliminary game, by a score of 34 to 20, with Smith, L. Boron and P. Check in starring roles for the K. P. team, and Hutnick and Lateano best for the Mustangs. The game was the last for Captain L. Boron, who has re-enlisted for overseas duty.

Couldn't Be Helped
Among the disappointed fans last night were Moe Rubenstein, coach of Ambridge High and Tudor Lewis, coach of Farrell and Lou Haeter, coach of Beaver Falls, all three anxious to see New Castle and Sharon play.

It was probably the first time that fans at a basketball game ever collected rain checks, a most unusual happening, but it just couldn't be helped.

Treasury Office, Post Office Get Huge Fund Slice

House Appropriations Approve Bill Giving Billion And Half To Departments

WASHINGTON, Feb. 13.—(INS)—The House appropriations committee approved Tuesday a bill providing \$1,634,217,190 for the operation of the Treasury and Post Office Departments during the 12 months beginning July 1.

The measure also carries "permanent" appropriations of five billion 564 million dollars for payment of interest on the public debt, government sinking funds and other items.

For the Treasury, direct appropriations for the department's work totaled 335 million 978 thousand dollars. The Post Office Department received one billion 298 million.

Indefinite Appropriations

Besides the two types of appropriations carried for the Treasury, a third kind—"indefinite appropriations"—to meet tax and other revenue, was listed in the bill in the amount of \$1,586,900,000.

The item for payment of interest on the national debt was put at five billion dollars, an increase of 250 million above last year.

The Post Office figure, however, was nearly three hundred million dollars greater than a year ago. The largest single item for the Post Office was 391 million for the salaries of clerk and employees of first and second-class post offices. Postmasters throughout the nation accounted for another 74,000,000 in the bill.

In the Treasury Department section of the legislation, only \$1,000,000 was recommended for operation of the foreign funds control divi-

sion, which had charge of alien funds in the United States throughout the war. The committee found that the work of this division "is rapidly drawing to a close" and that it will go out of existence by June 30, 1947.

Receives Same Funds

The Internal Revenue Bureau received virtually the same funds it did a year ago, despite the fact that the 1945 revenue act greatly reduced the number of persons required to pay federal taxes.

The committee found that while taxpayers were reduced, there was no comparative reduction in the numbers required to file tax returns, so the work of the bureau has not been greatly reduced.

The committee commented that Treasury plans of last June to recruit a force of employees to seek out tax evaders "are just now getting under way", and indicated that further funds might be asked for this work at a later date.

Mother Held In Killing Of Baby

Find Three-Week-Old Baby With Throat Cut In Home, Woman Admits Slaying

YORK, Pa., Feb. 13.—(INS)—Mrs. Ruth Scott, 24, was held today at York after her three-week-old baby was found dead with its throat cut from ear to ear.

Assistant district attorney, C. M. Lawry, Jr., said a technical homicide charge had been lodged against Mrs. Scott pending a mental examination. The baby's throat apparently was slashed with a razor found nearby.

According to Lawyer, Mrs. Scott awakened a brother and told him of the baby's death. Police claimed she had admitted the slaying.

Mrs. Scott is the wife of a serviceman recently discharged from the army.

School Seekers Flood Carnegie Library Office

PITTSBURGH, Feb. 13.—(INS)—Veterans seeking information on schools and colleges are rapidly turning the Central Carnegie Library consultant's office into a vocational guidance center.

Anxious to study a variety of subjects from embalming to watchmaking, the veterans have turned to the library's vast hoard of information for help in selecting the right schools.

Enid Rice, the consultant, claims the veterans are very definite in their desires, but they are not always sure where to go for their course. Under the GI Bill of Rights, veterans receive federal help for educational purposes.

Father And Sons Dinner Is Planned For YMCA Classes

Friday evening, March 1, all classes of the boys' department of the "Y" branch will hold their father and sons banquet in the dining hall of the association building.

Program Director William Winter announced today that the dinner will be limited to between 30 and 35 fathers and sons. Tickets will go on sale at the "Y" Saturday, February 16.

Robert Traugh, district secretary of the YMCA, will deliver the main address at the dinner.

Nutrition Class To Learn To Make Best Of Present Shortage

Nutrition classes which will include the study of how to make the best of shortages of meat, fats, sugars and other scarce foods are being offered by the local chapter of the Red Cross, and will start Wednesday evening, Feb. 20, at 7:30, in the model kitchen of the Pennsylvania Power company, according to Mrs. William Cosel, chairman of the nutrition committee.

Instructor of the course will be Miss Virginia Peterson, new home economist of the power company. Miss Peterson is a graduate of Miami University, Oxford, O., and has taught vocational home economics in various high schools in Ohio. A certified Red Cross instructor, she also taught adult classes in Hamilton, O.

The new 20-hour course here will consist of classes in marketing, meal planning, preparing meals for children and invalids, and in the basic principles of food. Those interested in taking the course may call the Red Cross chapter house on Beaver street, or may enroll during the first class period.

Nylon Shortage May End In July

WASHINGTON, Feb. 13.—(INS)—Ladies, here's the low-down on those new nylons you've been waiting for so long.

Geoffrey Baker, deputy price administrator, says that by July every woman should be able to put away a half dozen pairs.

Baker denied that the number of nylons being exported to foreign countries, which higher prices can be obtained, was sufficient to make any difference in the domestic supply.

NO TRAFFIC OFFENSES

There were no city motorists involved in state highway traffic offenses during the week ending February 1, the bureau of highway safety revealed today.

The bureau withdrew the licenses of 197 drivers. Of this number 27 were revoked and 170 suspended. One Ellwood City driver had his card suspended for reckless driving. During the same week operating privileges were restored to 191 drivers.

Lafayette Will Ease Housing Lack

EASTON, Pa., Feb. 13.—(INS)—Lafayette college expects to alleviate its housing shortage with the receipt of 35 units from the Federal Public Housing authority for use by married veterans enrolled at the institution.

Sullivan's lane, adjoining the campus, was chosen as the site for

the units which were formerly used by defense and war workers.

Louis T. Stabileford, counselor for war veterans at the college, said modern conveniences, such as heat, a range and refrigerator, are included in each unit which is rented at a low cost.

Length of residence at the college determines priority in assigning units, he said, but exceptions will be made for married veterans with children.
